M&M FUFFENS CONSULTING AB · CAFFEINE AS A SERVICE

Every meeting deserves a message.

The Coffee Mug Service turns everyday ceramic infrastructure into a high-visibility communication channel. **One mug. One message. Zero ambiguity before the first coffee.**

SERVICE PROMISE

We put the right thought in the right hand at the right temperature.

A low-cost, high-visibility operating model for teams that have run out of ways to say "let's align."

THE SERVICE CATALOGUE

Choose your level of ceramic accountability.

All packages include durable messaging, stakeholder visibility and a handle for escalation.

01 · STANDARD

Single Source of Caffeine

One dependable mug for one dependable message. Ideal for recurring meetings, recurring opinions and recurring unread action lists.

OUTPUT: STABLE MORNING STATE

02 · PROGRAMME

MugOps Portfolio

A coordinated set of mugs for teams, workstreams and parallel initiatives. Because nothing says governance like matching ceramics.

OUTPUT: PORTFOLIO-LEVEL WARMTH

03 · PREMIUM

Executive Sipstream

Limited-run mugs carrying only the messages that survive steering, escalation and three rounds of wording feedback.

OUTPUT: BOARD-READY BEVERAGE

SPOT-ON MESSAGE LIBRARY

Catchphrases with operational impact.

Short enough for a mug. Sharp enough for a hallway. Ambiguous enough to start a workshop.

ALIGNMENT

Let's circle back after coffee.

DELIVERY

This could have been an email.

STRATEGY

Powered by caffeine and questionable governance.

DECISION

I have a framework for that.

RISK

No baseline. No problem.

AI

Convincing Nonsense™ inside.

FOCUS

Do not schedule before first coffee.

TEAMWORK

Teamwork makes the dream work.

ESCALATION

Have you tried adding another meeting?

THE M&M MUGOPS MODEL

Because communication should
have a handle.

MUG² → ALIGNMENT

Message Utility Governance — a patented-looking approach to workplace clarity.

We treat mugs as persistent, low-bandwidth communication assets. They do not interrupt meetings, require a licence or ask for a follow-up. They simply sit there and make the point.

MUG-01 Define the message

Reduce the organisational truth to one sentence that fits beneath a thumb.

SCOPE COMPRESSION

MUG-02 Deploy the ceramic

Place the message where it can be observed by colleagues, visitors and the person who booked the 07:30.

AMBIENT COMMUNICATION

MUG-03 Measure the sipstream

Track usage through anecdotal evidence, coffee refills and a noticeable reduction in unnecessary explanation.

QUALITATIVE ANALYTICS

“The right mug can save a thousand words — and at
least one alignment meeting.”

— M&M FUFFENS CONSULTING AB • CERAMIC TRANSFORMATION OFFICE

ADOPTION TRIGGER

Bring your coffee problem. We'll put it on a mug.

We will return a message that is memorable, mildly actionable and impossible to ignore while waiting for the kettle.

M&M FUFFENS CONSULTING AB · COFFEE MUG SERVICE

Fictive service positioning · Ceramic infrastructure for internal use · Dishwasher-safe thinking.
