UNDER-THE-TABLE ENABLEMENT

Skunkworks Uplift™

We boost newcomers in the shadows — so they excel in the light.

Shadow knowledge transfer

The undocumented tricks, the real owners, the shortcuts — passed quietly, off the record.

Stakeholder delight generation

Routed through Meta-ETA™, OSG slides and Heard & Seen™ until everyone feels reassured.

Leverage banking

Every quiet boost logged as a favour owed. Invisible uplift; very real, compounding leverage.

leverage = (shared knowledge × skunk work × Convincing Nonsense™)
÷ what stakeholders can name

"Nobody knew we helped. Everybody was thrilled. We now own three roadmaps and a steering group."

— Skunkworks Uplift™, under-the-table retrospective

Fictional satire — not real mentoring, onboarding or HR advice, and not an endorsement of hidden agendas. Help newcomers in the open.
